

Detector

Experience Diagnostic Confidence with Improved Usability

AccE Detector is a new introduction to the Samsung digital radiography's premium line-up to accelerate connection and promote synergy between the systems, AccE GC85A & AccE GM85.

Answer to Versatile Environment

Enhanced load allowance along with dust and water resistance allows the detector to be actively implemented in versatile environments. Its robust design will help reduce user concerns when applying the detector in complex situations such as ER and OR.

IP54 (IEC 60529)

Surface Load

Bend Pressure

* Allowed Point load (4cm radius on the center) : 200 kg (441 lbs)

EXPERIENCE
A New Healthcare
Solution

SAMSUNG

Enhance Your Daily Workflow

User-centric design of the detector support patient positioning and alleviate daily burdens.

CENTER-ENGRAVING
to help position the patient

SIDE CHAMFER
to ease your lifting

REAR GRIP
to support transportation

Manage Your Detector Wisely

Continuous status tracking of the detector will upgrade user confidence and guarantee uptime. Features such as real-time shock sensing and detector auto correction allow the detector to be in shape for use and help you respond quickly to critical detector shocks.

Real-time Shock Sensing

Trade in & Trade up

For a limited time, receive a discount on an AccE Detector when you trade in your eligible detector.

Experience diagnostic confidence with improved usability.
